

# Eyes on the Sky

Keep your eyes on the sky, so you can see what's UP!

## Close up of northern Monoceros

Find several deep sky objects in the charts here. Above, the Christmas Tree cluster can be found from Xi Gem, with 15 Mon as the bright star of the cluster. Plaskett's Star and NGC 2244, which includes the large Rosette Nebula, can be found by using the detailed chart at right.
